## OFFERING #6-A

### WHITE WITH PURPLE LIP, LAVENDER AND YELLOW MATURE PLANTS.

These summer and fall blooming mature plants were selected for sale while in flower last year. The prices were established on the basis of the quality of the flower and the size and condition of the plant. Many of the plants have been repotted since that time and are established in new osmundine. A few are in sheath and should bloom very shortly.

The plants that are priced at so much less a certain amount, such as \$50.00 - \$42.50, are plants that have bloomed a slightly deformed flower at one time but good at others. The higher price is our estimate of the value if this had not happened.

Since we have only one plant of each variety, please indicate a second and third choice when ordering. No substitutions will be made unless authorized by you. Prices are F. O. B. Chattanooga. Plants to U. S. A. and Canada will be shipped in clay pots by Railway Express unless otherwise directed. Plants for foreign shipment will be sent out of pots by Air Express.
